

The wisdom you need is...

Found in the Word, Person, and Work of Jesus Christ. (6-8)

Generously revealed through the Holy Spirit who resides in us. (9-13)

Only understood by those who are born again and receptive. (14-16)

Questions for Discussion:

What are some of the issues people today are facing?

Where do non-Christians typically go to look for answers to these issues?

How do the world's answers compare with God's answers?

In what ways are the world's answers to these issues inadequate or even wrong?

What are some of the issues you are facing that the Bible doesn't specifically speak to?

How do you get God's answers to such questions?

How do you know these answers are in fact God's answers?

Do you personally know non-Christians who think something you as a Christian believe in is foolish?

What specifically is it that they think is foolish?

Take time to pray that God would open the minds of these non-Christians to the truth of the gospel.
