***Questions for Discussion:***

Who are some of the people in our culture today that too often are judged by Christians?

Have you witnessed examples of such a person being judged?

What happened?

Are there ways family members or friends can be especially harsh in their judgments?

If so, why is that?

What grade would you give Harvest Denver for welcoming people without judgment?

Are there ways you see where we could improve? If so, how?

Are there ways you personally could improve? If so, how?
